

Pathblazer[®]
by Compass Learning[®]

Compass Learning[®] Welcomes You to the Texas Student Success Initiative!

Pathblazer[®] by Compass Learning is proud to partner with your district for middle school reading/ELA acceleration.

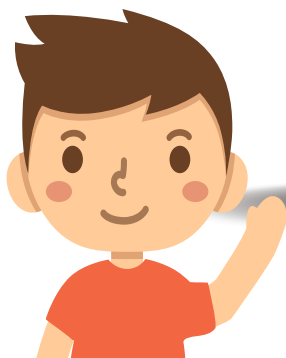

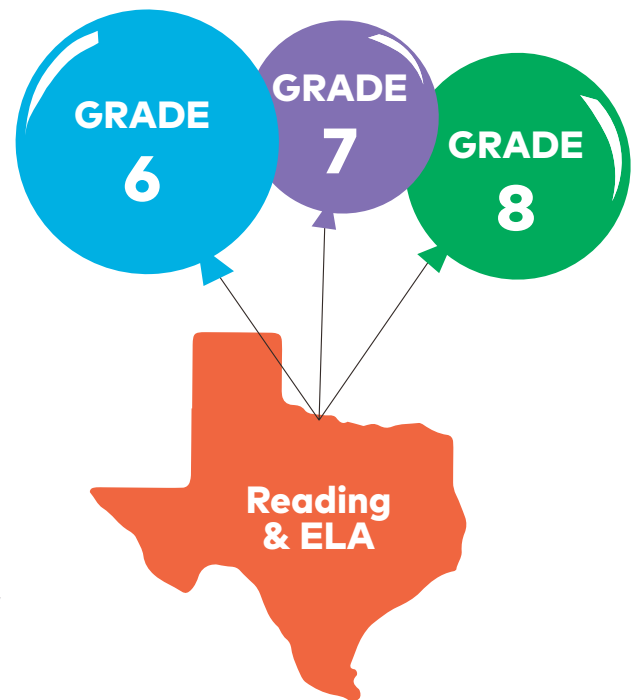

Welcome! Your school district has enrolled in the Texas Student Success Initiative, a fully state-funded program that offers online instructional support for students throughout Texas.

For reading and English language arts students in grades 6–8, your district has chosen **Pathblazer, by Compass Learning**, as its online instructional partner.

Pathblazer is made for students who are working below grade level or who might just be having problems with a few key ideas. Pathblazer uses built-in tools to find each student's learning level. Then the program presents fun, attention-grabbing lessons using animation, video, and a kid-friendly voice to help students catch up and even move ahead.

Pathblazer is available 24/7 on any device with an Internet connection. Expect more information from your school and teacher soon, including instructions on how and when to use the program.

Once again, welcome! We can't wait to get started!
